ABST

Modules and Learning Objectives

This course is accredited by the Province of Alberta (under SSIA Course License #AT000313) and meets the training requirements outlined in the Security Services and Investigators Act. It is recognized as an Online Alberta Basic Security Training Course (AccBST).

Security professionals work in many different sectors and settings - from commercial retail to personal protection. Whether protecting property or persons, security professionals require a broad range of knowledge and skills to effectively and safely carry out their duties.

Alberta Basic Security Training (ABST) is a comprehensive training course for individuals seeking to enter this industry. It is designed to increase knowledge about the daily duties and responsibilities of a security professional and build the confidence needed to meet the challenges of the workplace.

This online course is delivered in seven modules and is equivalent to 40 hours of classroom instruction. It covers the following learning areas:

1. Introduction to the Security Industry (40 minutes)

Upon completion of this module you will be able to:

- Describe the various roles and responsibilities of security professionals
- Define and demonstrate professional conduct for security professionals
- Define and demonstrate professional appearance and deportment for security professionals

2. Canadian Legal System (1.5 hours)

Upon completion of this module you will be able to:

- Identify potential hazards at security sites and venues
- Recall the basic principles of the Workplace Hazardous Materials Information System
- Discuss strategies for dealing with the effects of shift work on health, personal fitness, sleep, and social life

Province of Alberta Licensing Exam Information

In addition to this training, candidates must also successfully complete a provincially mandated exam to acquire a private security license. In Alberta, candidates have the option of an online exam delivered by PSKN. This exam must be delivered in a proctored setting.

To Register for the Alberta Licensing Online Exam. After you have successfully completed the Basic Security Training – Alberta online course, please contact the PSKN Support Desk , support@pskn.ca to register to the licensing exam.

There is no additional fee for the exam; it is included in your original course fee. Choose to take your exam online through eProctor Canada from the comfort of your home by contacting [PSKN support desk](#) or select your Preferred [date and location](#) for an in-person exam. You must register at least two weeks in advance of your preferred date. Once confirmed, the PSKN Support Desk will send you a confirmation email.

Once you have written the exam, PSKN will send your exam results (pass or fail) to the Alberta Registrar. This information is a required component of the licensing application process. If you are required to take the exam again, you will be charged a fee of \$60 for each rewrite.

Please note that PSKN is not involved in the licensing application or approval process. Candidates must apply directly to the [Alberta Security Programs Department](#).

Target Audience

This course is designed for individuals who are pursuing a career in Alberta's private security industry. It may also serve as a useful refresher for experienced security professionals.

Price: \$149.00

Language: English

Length: Equivalent to 40 classroom hours
